

# Daniel Acevedo

## Director Of Correspondence

### Introduction:

Hello everyone! My name is Daniel Acevedo. I will be running for Director Of Correspondence. Since joining this organization I have had numerous people help me out with my professional development. I plan to pass down my knowledge that I have gained from this semester to help out next generation of BAP/AS members.

### About Me:

I am a student at CSULB currently heading into my senior year as an accounting major. I love to play and watch soccer along with basketball. In my free time I like to photograph/Video nature.

### Goals:

If chosen for Director Of Correspondence, I aim to leverage the knowledge that I have gained from this semester, to emerge as a strong resource that BAP/AS will proudly provide next semester. Additionally, I am excited to integrate my past experience in film and photography into enhancing the social media and marketing presence of BAP/AS. Using my past experience, I aim to bring creative innovation that will captivate our audience and elevate our online engagement to new heights.
